# Life Wisely

A web application to manage life better. The application provides reminders on things which are often neglected.

A log system is in place to keep track of the achievements. A reward system is in place to encourage completion of tasks.

# User Cases We Implemented

ID	Title
UR-01	As a user, I want to login the system
UR-02	As a user, i want to logout the system
UR-03	As a user, I want to create a new reminder
UR-05	As a user, I want to add existing reminder from system
UR-06	As a user, I want to delete a reminder
UR-07	As a user, I want to update a reminder
UR-08	As a user, I want to create a group reminder
UR-09	As a user, I want to delete group related to a reminder
UR-11	As a user, I want to view rewards for my achievements
UR-12	As a system administrator, I want to add user
UR-13	As a system administrator, I want to delete user
UR-14	As a system administrator, I want to suspend user

UR-16	As a system administrator, I want to generate system log

# User Case 1

UR-03:

As a user, I want to create a new reminder

# User Case 2

UR-08

As a user, I want to create a group reminder

# User Case 3

Generate User Log

# Design Pattern

- Command Design pattern
- Undo operation to reverse deletion of reminders
- Stack to store user commands
